

**Name:** Dr. Priya Menon

**Qualification:** MBBS, MD (Internal Medicine)

**Experience Summary:**

**1. Junior Resident – Department of General Medicine**

Duration: Jan 2019 – Dec 2020

Responsibilities:

- Managed cases of diabetes, hypertension, and infectious diseases.
- Performed basic diagnostic procedures like ECG interpretation and blood work evaluation.
- Participated in ward rounds and discharge planning.

**2. Senior Resident – Department of Pulmonology**

Duration: Jan 2021 – Jun 2022

Responsibilities:

- Independently performed bronchoscopy and managed patients with asthma and COPD.
- Assisted in ventilator management in ICU settings.
- Coordinated with radiologists for HRCT lung analysis.

**Skills:**

- Diagnostic reasoning in internal medicine and respiratory care
- Experience with ICU ventilator systems
- Basic telemedicine consultations
- Patient counselling and discharge instructions

**Goals:**

I am looking to transition into a more specialized role in respiratory or critical care, potentially as a Tele-ICU consultant or a Critical Care Fellow.
